Paramount to Refine Organization Structure to Focus on Crew Procurement Division

Fredericksburg, Virginia – June 22, 2015 – Paramount Aviation Resources Group was founded in 2007 with the goal of becoming the most trusted provider of crew procurement services in the world.

To enhance our ability to meet this goal, Paramount has simplified its organizational structure by eliminating its ferry and flight support services from its portfolio to better concentrate on procurement services service. Specifically, the Ferry and Flight Support Division led by Mr. Rick Wolfer has been eliminated as of 31 May, 2015.

“We found that it was time to refocus the company on its core businesses of crew procurement services,” said Michael W. Johnson Paramount Aviation Resources Group President and CEO. “The Crew Procurement Division is growing rapidly in line with the increasing global demand for qualified crews. As a result, to ensure we maintain the highest caliber of service and support to our customers, Paramount realigned resources to optimize productivity and maximize benefits.”

About Paramount Aviation Resources Group
